**Indian Muslims and Citizenship** Julten Abdelhalim, 2015-10-05 Through the creation of post-colonial citizenship, India adopted a hybridisation of specific secular and western conception of citizenship. In this democratic framework, Indian Muslims are observed on how they make use of the spaces and channels to accommodate their Islamic identity within a secular one. This book analyses how the socio-political context shapes citizens' perceptions of multiple variables, such as their sense of political efficacy, agency, conception of citizenship rights and belief in democracy. Based on extensive surveys and interviews and through presenting and investigating the various meanings of jihād, the author explores the usage of non-Eurocentric conceptual approaches to the study of postcolonial and Muslim societies, in particular the meaning it carries in the psyche of the Muslim community. She argues that through means of argumentative and spiritual jihād, Indian Muslims fight their battle towards a realisation of citizenship ideals despite the unfavourable conditions of intra and inter community conflicts. Presenting new examinations of Islamic identity and citizenship in contemporary India, this book will be a useful contribution to the study of South Asian Studies, Religion, Islam, and Race and Ethnicity.

Schools That Dream: Transforming Kerala's Schools into Empathy Engines Shashi Velath, Anand Haridas, AN IDEA THAT HAS SPARKED A SILENT REVOLUTION: THE STUDENT POLICE CADET SCHEME, WHICH HAS CONVERTED SCHOOLCHILDREN INTO CHANGEMAKERS, POLICE PERSONNEL INTO ENABLERS AND SCHOOLS INTO INNOVATION HUBS. Students carried a voting machine to a remote community in Attappady, encouraging the indigenous community there to vote for the first time. Yet other schoolchildren set up and implemented a waste-management system that changed the village community's attitude to plastic use and waste segregation. Student cadets set up an aqua-farming project that sparked innovation in their community. An idea could change lives: teaming up schoolchildren with police personnel, both partners in change, each one impacting and sensitising the other. This is the idea behind the decade-old Student Police Cadet, or SPC, scheme in Kerala. Today, over 12,000 schools across India have implemented the programme, of which 1,000

are in Kerala. SPC anticipated the need to move beyond the usual measure of success in schools—high marks, sporting achievements, debating competitions—and towards becoming innovation hubs. Young people would need to be engaged with the challenges of a fast-changing world, becoming changemakers and agents of empathy. When P. Vijayan took over as the police commissioner of Kochi, he was actively engaged in community participation programmes for the police force he commanded. It was in the course of this that he struck upon the idea of bringing schools and the police force together. Over the years, SPC has transformed the attitudes of the police men and women who have been part of it, just as it has the lives of students.

Shah, Dr. Sheweta Gaur, Manv Sharma, Dr. Ramalakshmi L, 2023-12-30 Film has always acted as a window to the society where it brings out various essences of life. India has always shown prominence in representing its inheritance and rich cultural lineage through different layers of films. Right from "Raja Harishchandra" as a full-length feature film in 1913 to the most contemporary films released on OTT, everything and everyone embedded in any of the films made in India has some level of relevance to the time and society, therefore, they can be called contemporary while projecting some form of social message through their presence. The book "Indian Contemporary Films and Societal Reflection" presents a collection of a list of reviews based on some of the perspectives and concepts portrayed through films like commercialism, gender identity, gender representation, portrayal of

power, cinema as a form of art, casteism in cinema, political discourse in cinema, inequality, resilience, relationship, oppression, animation, celluloid reverberations, propaganda and agenda planning, and many more. The twenty-six enthralling chapters from forty-nine authors are collected in this book, which would provide an extensive understanding of different perspectives of films and help identify the societal portrayal of films in various ways.

*Ants Among Elephants* Sujatha Gidla, 2017-07-18 A Wall Street Journal Top 10 Nonfiction Book of 2017 A Publishers Weekly Best Book of 2017 A Shelf Awareness Best Book of 2017 *Ants Among Elephants* is an arresting, affecting and ultimately enlightening memoir. It is quite possibly the most striking work of non-fiction set in India since *Behind the Beautiful Forevers* by Katherine Boo, and heralds the arrival of a formidable new writer. —The Economist The stunning true story of an untouchable family who become teachers, and one, a poet and revolutionary Like one in six people in India, Sujatha Gidla was born an untouchable. While most untouchables are illiterate, her family was educated by Canadian missionaries in the 1930s, making it possible for Gidla to attend elite schools and move to America at the age of twenty-six. It was only then that she saw how extraordinary—and yet how typical—her family history truly was. Her mother, Manjula, and uncles Satyam and Carey were born in the last days of British colonial rule. They grew up in a world marked by poverty and injustice, but also full of possibility. In the slums where they lived, everyone had a political side, and rallies, agitations, and arrests were commonplace. The Independence movement promised freedom. Yet for untouchables and other poor and working people, little changed. Satyam, the eldest, switched allegiance to the Communist Party. Gidla recounts his incredible transformation from student and labor organizer to famous poet and founder of a left-wing guerrilla movement. And Gidla charts her mother's battles with caste and women's oppression. Page by page, Gidla takes us into a complicated, close-knit family as they desperately strive for a decent life and a more just society. A moving portrait of love, hardship, and struggle, *Ants Among Elephants* is also that rare thing: a personal history of modern India told from the bottom up.

*The Elephant, the Tiger, and the Cell Phone* Shashi Tharoor, 2007 For More Than Four Decades After Gaining Independence, India, With Its Massive Size And Population, Staggering Poverty And Slow Rate Of Growth, Was Associated With The Plodding, Somnolent Elephant, Comfortably Resting On Its Achievements Of Centuries Gone By. Then In The Early 1990S The Elephant Seemed To Wake Up From Its Slumber And Slowly Begin To Change Until Today, In The First Decade Of The Twenty-First Century, Some Have Begun To See It Morphing Into A Tiger. As India Turns Sixty, Shashi Tharoor, Novelist And Essayist, Reminds Us Of The Paradox That Is India, The Elephant That Is Becoming A Tiger: With The Highest Number Of Billionaires In Asia, It Still Has The Largest Number Of People Living Amid Poverty And Neglect, And More Children Who Have Not Seen The Inside Of A Schoolroom Than Any Other Country. So What Does The Twenty-First Century Hold For India? Will It Bring The Strength Of The Tiger And The Size Of An Elephant To Bear Upon The World? Or Will It Remain An Elephant At Heart? In More Than Sixty Essays Organized Thematically Into Six Parts, Shashi Tharoor Analyses The Forces

That Have Made Twenty-First Century India And Could Yet Unmake It. He Discusses The Country S Transformation In His Characteristic Lucid Prose, Writing With Passion And Engagement On A Broad Range Of Subjects, From The Very Notion Of Indianness In A Pluralist Society To The Evolution Of The Once Sleeping Giant Into A World Leader In The Realms Of Science And Technology; From The Men And Women Who Make Up His India Gandhi And Nehru And The Less Obvious Ramanujan And Krishna Menon To An Eclectic Array Of Indian Experiences And Realities, Virtual And Spiritual, Political And Filmi. The Book Is Leavened With Whimsical And Witty Pieces On Cricket, Bollywood And The National Penchant For Holidays, And Topped Off With An A To Z Glossary On Indianness, Written With Tongue Firmly In Cheek. Diverting And Instructive As Ever, Artfully Combining Hard Facts And Statistics With Personal Opinions And Observations, Tharoor Offers A Fresh, Insightful Look At This Timeless And Fast-Changing Society, Emphasizing That India Must Rise Above The Past If It Is To Conquer The Future.

**Prism Me a Lie Tell Me A Truth: Tehelka as Metaphor** Madhu Trehan,2011-04-06 In March 2001, the website Tehelka broke Operation West End, the biggest undercover news story in Indian journalism. Using spycams and masquerading as arms dealers, Tehelka's reporters infiltrated the Indian government, bribed army officers, gave money to the president of the ruling party and the defence minister's close colleague right in the defence minister's residence. This eventually forced both the ministers' resignations. In a rigorously researched and searing authentic account of the Tehelka expose and its aftermath, Madhu Trehan does a forensic study of the imperatives at the root of it, the characters and heroes and villains of the story, and of how the system got back: by obfuscating, by attempting to destroy the investors without leaving any footprints. In the style of Rashomon, the story is related by numerous participants of the same incidents and, of course, none of the stories tally. With exhaustive personal interviews, this is a must-read for anybody who wants to understand modern India - or even better, modern international journalism.

*Sex Trafficking* Siddharth Kara, 2017-08-29 "The best book ever written on human trafficking for sexual exploitation"—the basis for the feature film, *Trafficked*, starring Ashley Judd (Kevin Bales, president of Free the Slaves). Every year, hundreds of thousands of women and children are abducted, deceived, seduced, or sold into forced prostitution. These trafficked sex slaves form the backbone of one of the world's most profitable illicit enterprises and generate huge profits for their exploiters, for unlike narcotics, which must be grown, harvested, refined, and packaged, sex slaves require no such "processing," and can be repeatedly "consumed." In this book, Kara provides a riveting account of his four-continent journey into this unconscionable industry, sharing the moving stories of its victims and revealing the shocking conditions of their exploitation. He draws on his background in finance, economics, and law to provide the first ever business analysis of contemporary slavery worldwide, focusing on its most profitable and barbaric form: sex trafficking. Kara describes the local factors and global economic forces that gave rise to this and other forms of modern slavery over the past two decades and quantifies, for the first time, the size, growth, and profitability of each industry. Finally, he identifies the sectors of the sex trafficking industry that would be hardest hit by specifically designed interventions and recommends the specific legal, tactical, and policy measures that would target these vulnerable sectors and help to abolish this form of slavery, once and for all. The author will donate a portion of the proceeds of this book to the anti-slavery organization, Free the Slaves. "Sex trafficking is more of a problem than most people realize. Read this well-written book and find out."—Kirk Douglas

**Moving with the Times** Sreelekha Nair, 2020-11-29 This book is an attempt to penetrate the silence that surrounds the lives of nurses as migrant women. It offers a perceptive understanding of the trials faced specifically by women from the state of Kerala, in their personal and professional spheres, in the challenges posed to single women migrants as such, and the lower status ascribed to the job. In highlighting aspects of their lived experiences, it reveals how the identities of gender, class and ethnicity unmask the realities behind claims of egalitarianism and equal citizenship. Nurses from Kerala form one of the largest groups of migrant women workers in the international service sector along with Filipinos and Sri Lankans. Comparatively better salaries, work opportunities and financial independence, along with a desire to travel across the world, are often the reasons behind these migrations. For many of these women, the professional choice of nursing is usually the first step towards migration, while finding employment in Delhi, the urban capital of India, is intended as a transition point before they migrate abroad, a trajectory which may remain unrealised. In focusing on nurses who choose to work in Delhi, the author recounts how the patriarchy of the original place is recreated and relived in destination cities. In as much as traditional stigmatisation of nursing (as a 'dirty' profession), deeply entrenched gender prejudices, and status and role anxieties act as deterrents, these women remain undaunted in the face of adversities and treat their exposure to, and experience of, technology and nursing care in the bigger hospitals in Delhi as part of the training that is required to apply abroad. Through extensive empirical research, case studies and personal interviews, *Moving with the Times* illustrates nurses' lives in Delhi, providing an account of the dynamics — between traditional patriarchy, norms and associated identities, low professional status and marginality coupled at once with the sense of personal freedom, a new career and space — that migration compels these women to negotiate. This book will appeal to scholars of sociology, gender and women's studies, nursing and healthcare, and those interested in migration and identities.
